CAMEROON ACADEMY AWARDS

The SONNAH has combined 5 best of other awards categories to take place along side their movie awards as to give a class and a memorable event bringing all the Cameroon celebrities together under one roof. The platform of these awards are to recognize the contributions of those who have had a significant impact on the evolution, development and the perpetuation of our national heritage and the seventh arts, it clearly shows that the academy has been working overtime to be all inclusive but more significantly, they also are revealing a deep chasm between its goals and the general population.
